SUPPLEMENTARY INFORMATION:

Background

49 U.S.C. Section 5334(g) provides guidance on the transfer of capital assets. Specifically, if a recipient of FTA assistance decides an asset acquired under this chapter at least in part with that assistance is no longer needed for the purpose for which it was acquired, the Secretary of Transportation may authorize the recipient to transfer the asset to a local governmental authority to be used for a public purpose with no further obligation to the Government. The Secretary may authorize a transfer for a public purpose other than mass transportation only if the Secretary decides:

49 U.S.C. Section 5334(g)
DETERMINATIONS:

(A) the asset will remain in public use for not less than 5 years after the date of the transfer the asset is transferred;

(B) there is no purpose eligible for assistance under this chapter for which the asset should be used;

(C) the overall benefit of allowing the transfer is greater than the interest of the Government in liquidation and return of the financial interest of the Government in the asset, after considering fair market value and other factors; and

(D) through an appropriate screening or survey process, that there is interest in acquiring the asset for Government use if the asset is a facility or land.

Federal Interest in Acquiring Land or Facility

This document implements the requirements of 49 U.S.C. Section 5334(g) [formerly referenced as Section 12(k) of the Federal Transit Act, now codified]. Accordingly, FTA hereby provides notice of the availability of the land or facility further described below. Any Federal agency interested in acquiring the affected land or facility should promptly notify the FTA.

If no Federal agency is interested in acquiring the existing land or facility, FTA will make certain that the other requirements specified in 49 U.S.C. Section 5334(g) (1)(A) through (1)(D) are met before permitting the asset to be transferred.

Additional Description of Land or Facility
